Property overview

About this property

Virtually Staged. Built in 2024, this DR Horton Cali floor plan offers all the benefits of new construction—without the wait. Perfectly positioned at the end of a quiet cul-de-sac, this exceptional home enjoys a setting not available in most new construction homes, with a scenic greenbelt, mature shade trees, and long, peaceful views across the spacious fenced backyard. From the moment you arrive, you'll appreciate the attractive paver driveway and front walkway, along with the peace of mind provided by impact-resistant windows and doors. Inside, the thoughtfully designed open-concept floor plan seamlessly connects the living room, dining area, and kitchen, creating an inviting space for both everyday living and entertaining. The kitchen features quartz countertops, a large flush-level breakfast bar, stainless steel appliances, and a generous closet pantry. Sliding glass doors from the dining area lead to a paver patio overlooking one of the home's most captivating features—the tranquil backyard. Relax beneath the sun shade, or simply enjoy watching sandhill cranes wander through the green space beyond the fence. The mature trees, open views, and quiet surroundings create a peaceful outdoor retreat that is truly difficult to replicate with today's new construction. Privately situated at the rear of the home, the primary suite offers beautiful backyard views and features an ensuite bath with dual quartz-topped vanities, a walk-in shower, private water closet, linen closet, and an attached walk-in closet. Three guest bedrooms are located at the front of the home and share a well-appointed guest bathroom with a quartz-topped vanity. A separate laundry room includes an LG front-load washer and dryer, new in 2026. Burnt Store Village is a deed-restricted community offering a welcoming neighborhood atmosphere with a community park, pond, gazebo, walking path, and playground.
