Property overview

About this property

Virtually Staged. City living with treetop views! Third floor condo (no neighbors above you!). With a floor plan which creates a spacious flow-roomy feeling-that the one bedroom one bathroom square footage doesn't imply. You have a nice, open kitchen with a surprising amount of cabinet storage and counter space. There is even a full closet pantry! Some of us love doing laundry, but for those of us who don't - the fact that you have your very own laundry space in your home -large enough for full size appliances, and room for storage above - might even make it fun! ;-). And there are even more storage options - there is a coat closet near the front door, as well as a large walk-in closet in the bedroom. The bedroom has two doors - one leads to the hallway and bathroom (with a full size vanity) and the other is a French door which allows the light in from the bonus/sitting area windows. There is also a window with more of that tree-top view! As for the sitting area - you can extend your living space in many ways - a cozy little reading spot maybe, or possibly an office space. Venetian Place is a gated community with a community pool and clubhouse - which means you can stay right at home to enjoy those amenities. And when you do need to leave - you are close to the airport, major roads - and more! Professionally cleaned and painted - ready for you to move right in. The sellers are offering \$1,000 credit towards appliances at closing - so you can choose your own! The HOA increased their hurricane deductible to 7.5%, putting it above the FNMA loan guidelines, thus the reason listed as a cash purchase.
