Property overview

About this property

The home has undergone recent comprehensive updates, with all components being new. The roof was completed in 2024. The master bathroom spans nearly 300 square feet and includes a walk-in closet, a bathroom with a double shower, a vanity with a double sinks and a standalone tub. Bathrooms have full slab stone, so you're not wasting time cleaning grout line in the shower walls. The entire home features tile flooring throughout. Master closet is custom. The house has been re-piped and re-wired, with no original underground plumbing remaining. It includes new windows, insulation, and doors. The property consists of three bedrooms and two bathrooms. Mature landscaping and a brand new automatic sprinkler system. The entire house is equipped with mini-split systems for maximum energy efficiency, ensuring low energy bills and personalized temperature control for each occupant. The air conditioning units can be controlled via remote, phone, Alexa, or Google.
