About this property

Thoughtfully Designed and Surprisingly Spacious! From the moment you step inside, you'll appreciate how well this home uses its space. Natural light, an open feel, excellent storage, flexible rooms, and an oversized outdoor living area combine to create a home that simply lives well. Featuring 3 bedrooms and 2 baths, the home was extensively remodeled in 2020, including a new kitchen, updated bathrooms, double-pane windows, roof, A/C, and an upgraded electrical system. The spacious primary suite is filled with natural light and features a beautifully updated private bath with double vanities and a custom closet organizer. The additional bedrooms offer excellent flexibility, with one featuring a custom closet system that allows the room to function beautifully as a home office, stylish guest room, or nursery. Additional improvements include an inline tankless water heater, fresh interior and exterior paint in 2026, upgraded R-38 insulation in 2026, an oversized paver patio perfect for outdoor entertaining, a large fenced backyard, and a long driveway providing plenty of off-street parking. The photos, video, and virtual walking tour tell part of the story... but this is one of those homes you really need to experience in person.
