Property overview

About this property

Welcome home to this beautifully updated Dr. Phillips home in the well loved, gated community of Orange Tree. Centrally located to Dr. Phillips' renowned dining options, this neighborhood is situated amongst highly rated schools and amenities. Outside, you'll notice the stunning curb appeal that resembles a New Orleans style property with a full length, second story balcony. The landscaping and circular driveway create a lovely entry. Inside, the first floor has been reimaged to give the space an open, spacious layout where owners and/or guests can enjoy each other's company from any of the rooms. There is also a first floor FULL bath for convenience and entertaining and access to a two car garage with rear entry. The kitchen has been designed with a chef in mind, from the oversized island to the beautiful ZLINE appliances. Upstairs, three secondary bedrooms share a renovated hall bathroom and the primary suite features private access to the second story porch, along with its own fully renovated en suite bathroom. The real gem is out back -- a private solar heated pool, completely enclosed, with patio space for outdoor living overlooks an oversized backyard with room for playing, gardening, and/or pets. Updates include interior and exterior electrical panels replaced in 2023, solar pool heating system installed (roof mounted solar) in 2020, \$50,000 of new Andersen windows and doors installed in 2019, roof replaced in 2018, HVAC replaced in 2017, and garage door replaced in 2022. Come and see all of this luxury in person!
