## Property overview

### About this property

Under Construction. Currently under construction, 2017 Gale St is a thoughtfully designed two-story residence offering 5 bedrooms, 4.5 baths, and approximately 3,164 square feet of living space in Orlando's sought-after 32803 area. The home pairs clean, contemporary architecture with warm, natural finishes, creating a polished yet comfortable feel throughout. An open main level brings the kitchen, dining, and living spaces together with abundant natural light and an easy connection to the outdoor living areas. At the center of the home, the kitchen is designed around a generous island with seating, plentiful cabinetry, a walk-in pantry, and an open sightline to the main living space. Architectural details such as wood accents, statement lighting, and layered neutral finishes add character without feeling overdone. The first-floor primary suite offers added privacy and includes a spacious walk-in closet and well-appointed bath with dual vanities, a freestanding tub, and separate shower. A powder bath and attached garage complete the main level. Upstairs, four additional bedrooms and three full baths provide plenty of flexibility for guests, home office space, or everyday living, along with a dedicated laundry room and an open central landing. Outside, the covered lanai extends the living space into the backyard, where you will find a private pool, patio areas, and room to enjoy the Florida lifestyle. The location adds another layer of appeal, placing the home within easy reach of Audubon Park, the Mills 50 District, Downtown Orlando, and Winter Park, with nearby dining, shopping, parks, and neighborhood destinations all close at hand. With its spacious floor plan, indoor-outdoor connection, and modern design, 2017 Gale St brings new construction living to an established central Orlando setting.
