Property overview

About this property

Tucked back from the road on 1.66 acres of flat, fully fenced land, this Plant City home offers the kind of space and privacy that's getting harder to find, without giving up everyday convenience. Step inside and the home immediately makes an impression with vaulted ceilings, an exposed beam, custom built-ins and an electric fireplace creating a warm, inviting centerpiece for the main living space. Just beyond, the dining area flows into a bright kitchen finished with beautiful granite countertops, giving the heart of the home a clean, timeless feel. With four bedrooms and two bathrooms, there's plenty of room to spread out. The primary suite features a spacious walk-in closet with generous storage, while the secondary bedrooms provide comfortable proportions and flexibility for family, guests, a home office, or whatever fits your lifestyle. Outside is where this property really sets itself apart. A screened-in lanai gives you a shaded place to relax and enjoy the outdoors, while 1.66 acres of level, fully fenced land gives you room to actually use and enjoy your property. A carport and multiple storage sheds add even more functionality, whether you need space for vehicles, equipment, hobbies, or weekend toys. Set back from the road, the home feels tucked away and private, with plenty of open space to entertain, garden, play, or simply enjoy having a little more room around you. And when it's time to head out, convenient access to I-4 makes getting around Central Florida easy, with Tampa in one direction, Orlando in the other, and Lakeland just down the road. A little more land. A little more privacy. And a location that keeps Central Florida within reach.
