Property overview

About this property

Residence 200 at The Sanctuary redefines elevated condominium living with over 10,000 square feet of combined interior and exterior living space overlooking iconic Bayshore Boulevard. A rarely found private outdoor terrace and garden retreat delivers the scale, privacy, and indoor-outdoor lifestyle more commonly associated with a single-family residence. Located within a boutique tower of only 15 homes, the over 5,000 square feet of private pergola-covered living areas, outdoor kitchen with gas grill currently in progress, wood-clad terraces, and a tranquil koi pond define an outdoor environment seldom associated with high-rise living. As the second largest residence in the building, this 5,090-square-foot full-floor plan begins with secure private elevator entry opening to sunlit interiors where walls of glass frame Bayshore Boulevard, the city skyline, and unobstructed Tampa Bay views. Refined architectural detailing, curated finishes, and a design-forward aesthetic create interiors that feel sophisticated yet highly livable. Expansive living and dining areas flow into a chef's kitchen appointed with Gaggenau appliances, custom cabinetry, and a butler's pantry. The floor plan includes a theater or media room, three-bedroom suites each with its own ensuite bath, and two additional half baths. The bonus room offers flexible use and may offer fourth-bedroom potential with buyer modifications, subject to buyer's independent verification of all requirements. Interior features include Italian terrazzo tile flooring, smart home integration, a spa-inspired primary bath with steam shower, and extensive integrated storage throughout. Landscaped garden spaces include fruit trees, a chef's herb garden, and multiple areas designed for dining, entertaining, and quiet retreat. Even more uniquely, this private outdoor space provides direct access to the building's amenity level, including the pool, allowing for seamless indoor-outdoor living rarely available in luxury condominium residences. Two assigned private garage parking spaces are included, with the potential for four spaces through the addition of car lifts by buyer. The building is further enhanced by a generator for added peace of mind. The Sanctuary offers amenities including a pool, spa, and fitness center within a highly private residential setting along Bayshore Boulevard. Residence 200 offers the privacy, outdoor scale, and presence of a single-family residence with the lock-and-leave convenience of luxury condominium ownership. Note: Unit 200 should not be evaluated on interior price per square foot alone, as its private terraces carry substantial contributory value not reflected in air-conditioned square footage and not represented in prior in-building sales. Photos were taken at various times over the past year.
