Property overview

About this property

Featured on HGTV’s 100 Day Dream Home, this stunning custom modern home built in 2024. Previously tenant-occupied and staged, the home is now vacant and available for immediate showings and move-in. Thoughtfully designed by Realty-Buy-Design, Inc., this one-of-a-kind home blends luxury, warmth, and modern organic design in the heart of highly sought-after Palma Ceia. Walking distance to both Roosevelt Elementary & Plant High School. From the moment you walk through the dramatic moody entryway, every detail feels elevated and intentional. The expansive open-concept layout was designed for both everyday living and entertaining, featuring custom Venetian plaster finishes, a reclaimed wood range hood, vintage barn doors, a spiral staircase, a Venetian plaster fireplace, and a gorgeous copper soaking tub. Organic textures, mixed metals, designer lighting, tasteful wallpaper accents, and a warm neutral palette create a home that feels both sophisticated and inviting. The flexible third-story bonus space offers endless possibilities — media room, home office, gym, playroom, or guest retreat or 5th bedroom. This corner lot still leaves room to add a plunge pool and create your dream backyard oasis. Located in Flood Zone X, this home did NOT flood during recent storms and no flood insurance is required. Situated in one of South Tampa’s most desirable neighborhoods and A-rated school zone: Roosevelt Elementary, Plant High School, and Coleman Middle School. As an added bonus, this home was built using high-performance construction methods designed for durability, comfort, and energy efficiency. Features include SIP (Structural Insulated Panel) construction engineered for exceptional strength (wind rated up to 200mph), hurricane-impact windows, spray foam insulation, a long-lasting metal roof, zone-controlled mini-split AC systems, and a HERS rating of 45.
