Property overview

About this property

Experience the best of Florida’s waterfront lifestyle at 6027 Beverly Drive, a beautifully renovated 3-bedroom, 2-bath home offering approximately 1,600 square feet of living space in Pasco County. Thoughtfully updated and positioned along the water with direct access to the Gulf of Mexico, this property offers an exceptional combination of comfortable everyday living, outdoor entertaining, and boating convenience. From the moment you arrive, you’ll appreciate a home that has already undergone the updates today’s buyers are looking for. The refreshed interior creates a clean, contemporary atmosphere while maintaining the relaxed character that makes coastal Florida living so appealing. With three bedrooms and two full bathrooms, the floor plan provides plenty of flexibility for a full-time residence, seasonal retreat, or vacation property. The real showstopper awaits outside, where the backyard has been designed around life on the water. Boating enthusiasts will appreciate having their own private dock, floating dock, and 15,000-pound boat lift just steps from the house. Skip the hassle of trailering your boat or searching for a marina slip—your next day on the Gulf can begin right from your backyard. Whether your plans include offshore fishing, cruising the coastline, visiting nearby waterfront destinations, or enjoying an evening boat ride, this property puts the Gulf lifestyle within easy reach. When you’re not on the boat, the outdoor living areas provide plenty of reasons to stay home. A covered patio and pergola create an inviting extension of the living space and an ideal setting for morning coffee, weekend cookouts, outdoor dining, or evenings spent entertaining friends and family. Set against the waterfront backdrop, the backyard offers the kind of relaxed atmosphere that makes Florida living special. Another major advantage is the absence of an HOA, providing owners with additional freedom without monthly or annual association dues. The property also offers short-term rental potential, adding another dimension for buyers considering a vacation home or income-producing property when it is not being used personally. Buyers should independently verify current Pasco County and applicable local rental requirements and restrictions based on their intended use. At approximately 1,600 square feet, the home offers a manageable footprint without sacrificing the features that matter most. Instead of taking on a major renovation or waterfront improvement project, the next owner can focus on enjoying what is already here—a completely updated residence paired with substantial boating infrastructure and comfortable outdoor spaces. 6027 Beverly Drive is more than a place to live; it’s an opportunity to embrace the Florida waterfront experience. Spend your mornings enjoying the view from the patio, afternoons exploring the Gulf, and evenings relaxing beneath the pergola after bringing the boat back to your own dock. With three bedrooms, two bathrooms, a fully updated interior, direct Gulf access, private dock, floating dock, 15,000-pound boat lift, covered outdoor living areas, no HOA, and potential for short-term rental use, this property offers a compelling combination of lifestyle, convenience, and versatility. Bring the boat, unpack your
